## Couture

In the world of couture everything is allowed – as long as it is made masterly by hand, is unique and unforgettable.

The avant-garde to make heads turn is created in Nicki Marquardt's Munich studio according to this credo. Every hat and every headpiece is an individual masterpiece of the highest quality materials, techniques and looks.

Nicki Marquardt's creations are couture in perfection. With innovative production techniques and creative styling she conjures up the surprising and never-seen-before. Sculptural shapes appear to float; exquisite and unusual materials form exciting symbioses – and dreams become reality.

For those with a mind of their own. Just like couture from Nicki Marquardt. Finding your real self again – sometimes extravagant and expressive, other times gentle and enchanting, always out-of-the-ordinary and striking.
